Joseph N. Foxwell

Completes Basic Training

SAN ANTONIO - Airman Joseph N. Foxwell, son of Mr. and Mrs. J. S. Foxwell of Appomattox, has completed Air Force basic training at Lackland AFB, Tex.

During his six weeks training, he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman is remaining at the Air Training Command base for specialized training in the security police field.

Airman Foxwell is a 1974 graduate of Appomattox High School.

COMPLETES INFANTRY Training School

October 29 - Marine Gene A. Mayhugh, son of Mrs. Frances F. Webb of Route 2, Appomattox, Va., completed infantry training school at the Marine Corps Base, Camp Pendleton, California. He received specialized instruction in infantry weapons and tactics.

A 1974 graduate of Appomattox High School, he joined the Marine Corps in May 1974.

Named To Richmond District Export Council

LYNCHBURG - Frederick B. Dent, U. S. Secretary of Commerce, has appointed John P. Tetzeli, Vice President in Charge of the International Department at Fidelity National Bank, to the Richmond District Export Council. This group is an outgrowth of two new export expansion advisory groups formed by President Richard M. Nixon.

These advisory groups are the President's Export Council, composed of 22 leading businessmen who provide advice to the government regarding export trade, and the Interagency Committee on Export Expansion, representing 13 government agencies, which initiates and coordinates government programs and policies affecting U. S. export performance. On a local level, Regional and District Councils support this joint government - industry endeavor, with the dual goal of assisting American companies in overseas trade and the expansion of U. S. exports.

AMS S-CA October Meeting

Willis Fleshman, president of the Appomattox Middle School SCA, meeting in October suggested the 1st lunch shift should go to the lunchroom at the ringing of the end of the third period bell. Everybody decided on this.

We discussed what we should do about all the noise in the halls during class change. Nothing was decided on it. Then we talked about the whole school leaving on the 305 bell. We took a vote on it and the majority ruled no.

Then we went to new business. Mr. Meadows suggested a 2 hour dance on the 29th of November. Then Mr. Meadows suggested that it should last from 7 to 10 o'clock. Mr. Meadows said that he didn't know if we could have it or not, but the SCA is trying.

VEPCO Earnings Shows Decline

Virginia Electric and Power Co. today reported net income available for common stock for the 12 months ending August 31, 1974, of $69,958,000 or $1.39 per share on over 5 million more shares outstanding, compared to $99,274,000 and $2.19 for the 12 months ending August 31, 1973.

Operating revenues for the 12 months ending August 31, 1974, were $641,442,000, compared to $530,492,000 for the 12 months ending August 31, 1973. A substantial portion of the increase in operating revenues, $91,836,000 for the 12-month period, was due to the skyrocketing cost of fuel. Vepco receives no profit from the Fossil Fuel Adjustment Factor applied to customers' bills.

C. Justin Moore Jr., Vepco President, said the continuing decline in earnings is the primary reason that the Company was forced to seek an additional $123.7 million in emergency rate relief from the Virginia State Corporation Commission. This case is now pending before the SCC.

"Continuing inflation, downgrading of the Company's securities because of inadequate rate relief, conservation efforts, and mild weather have all played a significant part in the decline of earnings, despite our best efforts to reduce operating costs," Mr. Moore said.

VA Notes

Many women veterans who did not use their GI Bill after the Korean Conflict now have a second chance at Veterans Administration financial help for a college education or other training under a new law.

The Roanoke VA Regional Office said when eligibility for this veteran's benefit was recently extended two more years for all veterans discharged after Jan. 31, 1955, it had a special significance for women veterans whose children are reaching ages that allow them more free time.

VA said the deadline for completion of training is now May 31, 1976, or ten years from the veteran's date of discharge, whichever is later.

Of the some 160,000 women veterans eligible for current GI Bill school benefits, about 54,000 have trained under this program.

This spring, nearly 21,000 were in training, mostly in college. Only 209 were on-the-job trainees.

Below college level training is available in a wide range of occupations such as hotel or motel manager, specialty shop or store manager, and hairdresser, plus other programs also open to men.

Women veterans of the Air Force lead in GI Bill training, with 15,672 having trained. Army is running second with 15,361.

In addition to veterans, 3,909 servicewomen have trained under the current GI Bill, of whom 842 were in training in April.
